

Eligible Class 8 Drayage Truck Maximum Rebate

\$150,000

California SoCal Edison Drayage Truck Rebate

ABOUT

SCE Drayage Truck Rebate offers significant point-of-sale rebates on purchases of qualifying Class 8 battery electric drayage vehicles.

FUNDING

SCE Drayage Truck Rebate launched in July 2024 with \$80 million in funding and will run for three years.

ELIGIBILITY

Individual owner-operators as well as businesses can qualify for the SCE Drayage Truck Rebate.

INCENTIVE

\$150,000 rebate per Class 8 BEV.

SCRAPPAGE

There is no scrappage requirement to qualify for funding.

STACKING INCENTIVES

SCE Drayage Truck Rebate cannot be stacked with California HVIP funding.

However, SCE Drayage Truck Rebate may be stacked with California VW Mitigation Trust funding.

ELIGIBILITY REQUIREMENTS

Active Southern California Edison (SCE) service account.

- Not be on the Fortune 1000 list.
- Will register vehicles in California.
- Will register vehicles at the Port of Los Angeles, Port of Long Beach, or Port of Hueneme.

REBATE CAP

There is no cap on how many vehicles a customer may purchase. Customers who purchase multiple eligible vehicles can get a rebate for each vehicle purchased.

REBATE CLAIM

Validation of submitted claims and documents will take an estimated five business days.

Claims submitted with incomplete information will expire within 60 days of submittal.

After final approval, payment is expected via ACH within 20 business days
