**California Innovative Small e-Fleet**

**ABOUT**

The Innovative Small E-Fleet (ISEF) set-aside provides funding for small trucking fleets and independent owner-operators. Funding is reserved exclusively for innovative solutions such as short-term leases, rentals, and truck-as-a-service through approved ISEF providers listed on the ISEF Provider Directory available at [www.californiahvip.org/purchasers](http://www.californiahvip.org/purchasers)

**FUNDING**

As of 12/30/24, over \$30 million remain available in ISEF funding. As funding is awarded on a first-come, first-served basis, we encourage you to sign up for updates to stay informed and ready to act when new funding opportunities arise.

**ELIGIBILITY**

Public fleets with 20 or fewer MHD vehicles.  
 Private fleets with 20 or fewer MHD vehicles\* and less than \$15 million in annual revenue.  
 \*For Standard HVIP and all Set-Asides, HVIP's fleet size definition for voucher requests placed on or after January 1, 2024 is inclusive of the fleet's vehicles domiciled anywhere globally that are over 8,500 lbs GVWR, including all such vehicles under common ownership or control.

**ISEF PROVIDERS**

ISEF Providers are third-party companies offering fleets flexible options that are usually not allowed in Standard HVIP. These flexible options may take the form of a short-term lease, rental, truck-as-a-service, or other service agreement. Providers work with Dealers on behalf of small fleets. Providers do not have access to the Voucher Processing Center but are primarily the main contact for small fleets.

**VOUCHER MODIFIERS**

**Small Fleet Base Adjustment | +100%**

Starting 11/22/24, the Small Fleet Base Adjustment, or voucher doubling is only available for a maximum of 5 vouchers (all-time total, not annually).

**Class 8 Drayage Early Adopter | +25%**

Extended through December 31, 2025. Purchasers must submit copy of permission to enter a port or railyard to qualify.

**Disadvantaged Community | +15%**

Vehicles domiciled in a disadvantaged community\*\*that are purchased or leased by any public or private fleet with 20 or fewer trucks, and less than \$15 million in annual revenue for private fleets.
